- 2.2.4.1 tender documents or invitations for quotations shall be drawn up in consultation with DBSA's project team and ratified by DBSA;
- 2.2.4.2 the tenders and quotations shall be invited and, after completion of the steps described in clause 2.2.4.4, adjudicated by the Tender Board, or other responsible body, of the Borrower;
- 2.2.4.3 open tenders shall be open to all interested parties falling within the description contained in clause 2.2.4, and it shall not necessarily be a pre-requisite that the tenderer be a member of any particular association;
- 2.2.4.4 after consultation with and formal ratification by DBSA, the evaluation and recommendation for appointment of a tenderer shall be submitted to the Borrower's Tender Board or other responsible body by the Project Agent. If this recommendation, in part or whole is not acceptable to the Borrower's Tender Board or other responsible body, that Board or body may make amendments, but such amendments may be implemented only after ratification by DBSA; and

- 2.2.4.2 ensure tender procedures are followed to the satisfaction of DBSA, and support on possible improvements will be forthcoming from DBSA;
- 2.2.5 ensure that contractors to whom contracts are awarded are insured and remain insured in terms of contractors-all-risk-insurance policies acceptable to DBSA;

- 2.3 It is hereby placed on record that the consultants and contractors mentioned in Annexure C hereto have been appointed by the Borrower in respect of the Project, and are acceptable to DBSA.

2.4 Where the Parties agree that the further appointment of consultants or the revision of the brief of appointed consultants is necessary, the following procedures shall be followed unless otherwise agreed to by the Parties:

2.4.1 Before the formal appointment of any consultant for the Project it will be necessary for the Borrower, in the person of the Project Agent and his/her supporting staff, and with the approval of DBSA, to formulate the terms of reference required for such consultant. Particular attention should be given to the following:

- a precise statement of the objectives for the assignment;
- the scope and timing of the required services;
- the inputs to be provided by the Borrower;
- particulars of the outputs (that is reports, drawings, etc.) required of the consultants; and
- identification of a specific person who will be responsible, in the case where the consultant is a firm or a company.

2.4.2 The Borrower will then prepare a short list of capable consultants to be approved by DBSA, utilising the following criteria:

- past experience with similar projects;
- knowledge of local conditions;
- abilities and qualifications;
- membership of professional institutions;
- curriculum vitae of key personnel in the local office in the territory of the Borrower or other office of the consultant from where the work will be carried out.

2.4.3 DBSA's information on capable consultants will be made available to the Borrower for this purpose.

2.4.4 The short list shall include a cost estimate of the services to be provided.

2.4.5 The Borrower will then appoint one of the consultants from the short list, subject to the approval of DBSA.

2.4.6 Should arrangements be made to the effect that DBSA will provide funds to remunerate any consultant, such consultant shall not be appointed without the prior written consent of DBSA.

2.5 DBSA shall use its best endeavours to make technical assistance available to the Borrower within the limits of its resources and upon such terms and conditions as agreed to by the Parties when and if the need for such assistance is identified by the Parties in terms of the provisions of clause 2.1.3 supra.

3. THE LOAN

3.1 DBSA shall lend to the Borrower on the terms and conditions set forth in this agreement an amount not exceeding in aggregate R5 449 995 (five million four hundred and forty nine thousand nine hundred and ninety five Rand) at the rate of interest set forth in clause 4 hereunder.

3.2 The Loan shall be utilised exclusively for the purpose of the Project as set out in Annexure A, and the Borrower shall ensure that any provisions contained in Annexure A are complied with.

3.3 DBSA shall pay the Loan proceeds to and on the order of the Borrower in such disbursements and on such terms and conditions as set forth in Annexure B attached hereto.

- 3.4 The Borrower shall furnish DBSA with particulars regarding officials authorised to apply for withdrawals on its behalf.
- 3.5 The capital amount of the Loan, which shall include the interest capitalised in terms of clause 4.2 hereunder, shall be repaid, and further interest shall be paid, in 36 (thirty six) equal six-monthly instalments, commencing at the end of the 3rd (third) Half-year after the Half-year during which the first advance was made to the Borrower from the proceeds of the Loan, and thereafter at the end of each succeeding Half-year until the Loan together with interest thereon shall be fully repaid; provided that the Borrower may, with 1 (one) month written notice to DBSA, make repayments in excess of the abovementioned or repay the full amount outstanding. An instalment shall be a fixed amount, determined as at the outset of the 3rd (third) Half-year after the Half-year during which the first advance was made to the Borrower from the proceeds of the Loan, calculated as being sufficient to amortise the outstanding amount, plus interest at the rate set out in clause 4.1 hereof, in 36 (thirty) equal six-monthly payments. Should, at the outset of the said 3rd (third) Half-year, part of the Loan still not be drawn by the Borrower, the amount of instalments shall be adjusted as and when drawings take place, in order to achieve amortisation over the original period of the Loan.
- 3.6 The Borrower may by notice to DBSA cancel any undrawn portion(s) of the Loan provided that such cancellation shall not jeopardise the proper completion of the Project; it being understood that upon the giving of such notice the instalments referred to in clause 3.5 supra shall be reduced pro rata.
- 3.7 If DBSA reasonably concludes, after consultation with the Borrower, that any portion(s) of the Loan will not be required to finance the Project, DBSA may by notice to the Borrower terminate the right of the Borrower to make drawings in respect of such undrawn portion(s); it being understood that upon giving of such notice the instalments referred to in clause 3.5 supra shall be reduced pro rata.
- 3.8 If DBSA has not received a last claim for an advance under the Loan from the Borrower at the end of the 3rd (third) half year after the half year during which the first advance was made to the Borrower, DBSA may terminate further disbursements to the Borrower on 30 (thirty) days written notice to the Borrower unless DBSA, after consideration of the

reasons for the delay, has determined a later date for the purposes of this sub-clause DBSA shall only consider an extension on receipt of a written request from the Borrower and shall notify the Borrower of its decision. A claim shall not be regarded as having been received if it is defective to such an extent that DBSA would not be obliged to make an advance in terms thereof.

4. INTEREST

4.1 The Loan shall bear interest on the amount from time to time outstanding at a rate of 12% (twelve per centum) per annum.

4.2 Interest on the amount from time to time outstanding shall be calculated at the end of each Half-year, and shall on such dates be capitalised against the Loan up to the end of the 2nd (second) Half-year after the Half-year during which the first disbursement was advanced to the Borrower from the proceeds of the Loan, which capitalised interest shall be regarded as part of the capital amount. Thereafter interest shall continue to be calculated at the end of each Half-year, and debited to the account of the Borrower.

5. PAYMENTS

5.1 All payments to or by the Parties under this agreement shall be effected in South African rands.

5.2 All payments under this agreement to the Borrower shall be effected to the credit of such banking account(s) of the Borrower as the Borrower may from time to time direct, in writing.

5.3 All payments under this agreement to DBSA shall be effected to the credit of such banking account(s) of DBSA as DBSA may from time to time direct, in writing.

5.4 Payments in terms of this agreement shall be effected without deduction for and free from any taxes, charges, fees or other costs whatsoever.

5.5 Whenever any payment falls due on a Saturday, Sunday or Public Holiday under the law to which either of the Parties are subject, such payment shall be made on the next succeeding business day.

5.6 For purposes of the calculation of interest and repayments, any disbursement for technical assistance, previously approved and forming part of the Loan, paid out before signature of this agreement, shall be deemed to have been paid out on the same date as the first disbursement after signature hereof.

6. ON-LENDING

6.1 No On-Lending shall be effected unless provided for in Annexure A.

7. ACCELERATION OF MATURITY AND IMPROBABILITY OF PERFORMANCE

Should DEBSA, after consultation with the Borrower, be able to show that the Borrower will probably not be in a position to perform its financial obligations in terms of this agreement, then DEBSA may, after giving the Borrower 30 (thirty) days notice of its intention to do so, demand immediate repayment of all amounts owing by the Borrower in terms of this agreement.

8. SUSPENSION AND TERMINATION

8.1 DEBSA shall be entitled to suspend withdrawals from the Loan or to terminate this agreement, in the event and for so long as the Borrower fails to comply with any provision of this agreement after having given the Borrower 30 (thirty) days written notice to comply with any provision of this agreement and the Borrower thereafter continuing thus to remain in default, in which latter event the full amount owing will become payable.

8.2 The Borrower shall be entitled to terminate this agreement after having given DEBSA 30 (thirty) days written notice to comply with any provision of this agreement and DEBSA thereafter continuing to remain in default, in which event repayments shall be effected over the same period and at the same interest rate as referred to in clauses 3.6 and 4.1 above.

respectively, in instalments reduced to the extent that the Loan amount has not been taken up in full but subject to the Borrower's right to make payments in excess of such instalments or to repay the full amount outstanding as provided for in clause 3.5.

8.3 If any suspensive condition contained herein has not been fulfilled on expiry of the last day of the fifth month after the month during which the agreement has been concluded, then this agreement and all obligations of the Parties shall terminate, unless DBSA, after consideration of the reasons for the delay, has determined a later date for the purposes of this sub-clause. DBSA shall only consider an extension on receipt of a written request from the Borrower and shall notify the Borrower of its decision.

8.4 If DBSA has not received a first claim for an advance under the Loan from the Borrower on expiry of the last day of the fifth month after the month during which this agreement has been concluded, then this agreement and all obligations of the Parties shall terminate, unless DBSA, after consideration of the reasons for the delay, has determined a later date for the purposes of this sub-clause. DBSA shall only consider an extension on receipt of a written request from the Borrower and shall notify the Borrower of its decision. A claim shall not be regarded as having been received if it is defective to such an extent that DBSA would not be obliged to make an advance in terms thereof.

9. VALIDITY OF LOAN AGREEMENT; ARBITRATION

9.1 Neither DBSA nor the Borrower shall be entitled to assert that any provision of this agreement is invalid or unenforceable because of any provision of the Establishment Agreement.

9.2 Any dispute, controversy or claim arising out of or relating to this agreement, or the breach or termination thereof, which is not resolved amicably through consultations or negotiations, shall be settled by arbitration in accordance with the provisions of the Arbitration Act No. 42 of 1965.

PROJECT DESCRIPTION

1. PROJECT ELEMENT OBJECTIVE

To support the economic development of the Greater De Aar/Nonzwakani integrated urban area through the provision of internal electrical reticulation thereby improving the quality of life.

2. PHYSICAL DESCRIPTION

The internal medium voltage reticulation to 1767 stands in Nonzwakani and 1507 stands in De Aar East respectively will be done at 11kV which implies that major parts of the existing 6.6kV installation which cannot be upgraded to 11kV, are to be replaced. From the proposed 250MVA, 5MVA substations, primary feeders are to be created into Nonzwakani and De Aar East. This is to be done by means of overhead bare aluminium lines, but where necessary, cables will also be installed. The new low voltage networks will be overhead aerial bundled conductor networks on wooden poles, or sharing the routes of the medium voltage lines. All new transformers will be of the OEP overhead type. Standard 200 or 100kVA, 11/400 kV units are to be used.

Reticulation will be done at the streetfronts. New house connections will be done from pole mounted distribution kiosks on the overhead lines by means of overhead concentric cables (TAIREDA). Where required, support poles are to be installed at the opposite side of the roads. Each house will be supplied with an Energy Controller and a Readyboard.

3. IMPLEMENTATION

- 3.1 Formal tender documents, with a comprehensive Bill of Materials and construction drawings, are to be completed to the satisfaction of DBSA and approved by Technical Working Group before going out on tender.
- 3.2 All tender documents will be completed in such a way to enable local small contractors to tender for specified tasks and to utilise local labour in the completion of these tasks. These local small contractors are to be assisted and trained to complete and price the tender documents.

4. COST ESTIMATES

NO	DESCRIPTION	ESTIMATED COST
1.	Internal Reticulation and Connections	R4,749,112
2.	Escalation	R 306,636
3.	Professional fees and site supervision	R 394,247
ESTIMATED TOTAL PROJECT ELEMENT COST (excl. VAT)		R5,449,995

5. MATTERS AGREED UPON

- 5.1 The Technical Working Group formed with full representation of the community will oversee and take decisions on all aspects relating to the implementation of the project. DBSA has obtained observer status on the meetings of the Technical Working Group. The Group will continue to function after implementation of the project as a sub-structure of the Borrower.
