Customers with arrears will convert to a prepayment meter, the cost of which will be paid off by adding it as a surcharge to the prepaid electricity cost, and repaying it with each purchase, at not less than 10% of electricity until the debt is liquidated. Should the defaulter be a tenant, the owner will be held liable for the cost of conversion to a prepayment meter.

Council reserves the right to restrict or deny the sale of electricity or water coupons to customers who are in arrears with their rates or any other municipal charges or fees.

- 4.1.3 Upon the liquidation of arrears, or the conclusion of arrangements for term payment, the restricted service will be reconnected as soon as conveniently possible, there after the conventional meter will be replaced by a pre-paid meter and the cost of the meter will be recovered through a deduction of not less than 20% of pre-paid sales or cash payment.

4.1.4 The cost of the restriction or disconnection, and the reconnection, will be determined by tariffs agreed by Council, and will be payable by the consumer before reconnection.

**Households, classified as indigent, will be treated as per indigent policy.**

Council may recover arrear amounts of pre-paid customers through the deduction of a percentage of sales until the debt is liquidated.

If services have been disconnected or restricted for an account that is in arrears and such arrears has not been paid or acceptable arrangement has not been made within 30 days after disconnection or restriction, legal processes will commence which could involve final demands, summonses, court trials, judgements, garnishee orders and/or sales in execution of property.

**INTEREST**

4.2.1 Interest will be raised as a charge on all accounts not paid by the due date.

4.2.2 Interest will be charged on the total capital outstanding balance of the accounts (i.e. Capital total service levied less Interest Charged), at a rate determined by Council annually as per tariff policy.

Department of Finance shall maintain a schedule of debtors with large amounts outstanding and will maintain intensive contact with these debtors as in 4.3.1

Such contact is not a right for debtors that debtors enjoy – disconnection of services, and other collection proceedings, will continue in the absence of such contact for whatever reason.

## **LEGAL PROCESS**

### **INTERNAL LEGAL PROCESS**

The municipality will, after all enforcement mechanisms, as referred to in 4.1 to 4.3 above, have failed, proceed with the legal process of issuing final demands and summonses. Should these actions fail, the legal process will be continued with the use of attorneys as referred to in 4.4.2.

#### **4.4.2 USE OF ATTORNEYS/ CREDIT BUREAUS**

- i The Chief Financial Officer will, when a debtor falls in arrears, immediately commence the debt collection process against that debtor, which process could involve final demands, summonses, court trials, judgements, garnishee orders and/or sales in execution of property.
- ii The Municipal Manager will exercise strict control over this process, to ensure accuracy and legality within it, and will require regular reports on progress from the Chief Financial Officer.
- iii The Chief Financial Officer will establish procedures and codes of conduct with outside parties, be they attorneys, the courts, the sheriff and others and will require regular reports on progress from them.
- iv Garnishee orders, in the case of employed debtors, are preferred to sales in execution, but both are part of the Municipality's armoury of debt collection procedures.
- v All steps in the credit control procedure will be recorded for the Municipality's records and for the information of the debtor.
- vi All costs of this process are for the account of the debtor.

- vii Individual debtor accounts are protected and are not the subject of public information. However the Municipal Manager may release debtor information to Credit Bureau. This release will be in writing, and this situation will be included in the Municipality's agreement with its customers.
- viii Council will receive and consider reports on relevant matters, including cost effectiveness, of this process.

#### **4.5 USE OF COLLECTION AGENTS**

- 4.5.1 The Chief Financial officer will consider the use of agents, and innovative debt collection methods and products. Cost effectiveness, the willingness of agents to work under appropriate codes of conduct, and the success of such agents and products will be both part of the agreement the Municipality might conclude with such agents or product vendors; and will be closely monitored by the Municipal Manager.
- 4.5.2 Customers will be informed of the powers and duties of such agents, and their responsibilities including their responsibility to observe agreed codes of conduct.
- 4.5.3 Any agreement concluded with an agent or product vendor shall include a clause whereby breaches of the code of conduct by the agent or vendor will see the contract terminated.

#### **5 THEFTS AND FRAUD**

- 5.1 Any person (natural or juristic) found to be illegally connected or reconnected to municipal services, tampering with meters, reticulation network or any other supply equipment or committing any unauthorised service associated with the supply of municipal services, as well as theft and damage to Council property, will be liable for penalties as determined from time to time.
- 5.2 The Municipality will immediately terminate the supply of services to a customer should such conduct as outlined above be detected.

- 5.3 The total bill owing, including penalties, assessment of unauthorised consumption and discontinuation and reconnection fees, and increased deposits as determined by council if applicable, becomes due and payable before any reconnection can be sanctioned.
- 5.4 The Municipality will maintain monitoring systems and teams to detect and survey customers who are undertaking such illegal actions.
- 5.5 Council may distinguish in its penalties between cases of vandalism and cases of theft.
- 5.6 Subsequent acts of tampering will lead to penalties and deposits increasing in quantum.
- 5.7 The Municipality reserves the right to lay charges and to take any other legal action against both vandals and thieves.

## **6 COST OF COLLECTION**

All costs of legal process, including interest, penalties, service discontinuation costs and legal costs associated with credit control are for the account of the debtor and should reflect at least the cost of the particular action. This onus is to be specifically outlined in Council's credit agreement with a future customer.

## **7 ABANDONMENT**

- 7.1 The Municipal Manager, through delegation, the Chief Financial Officer, must ensure that all avenues are utilized to collect the municipality's debt.
- 7.2 There are some circumstances that allow for the valid termination of debt collection procedures:
  - i. the insolvency of the debtor, whose estate has insufficient funds; and
  - ii. a balance being too small to recover, for economic reasons, considering the cost of recovery.
- 7.3 The decision to terminate the debt collection procedures in specific instances will only be taken by the Chief Financial Officer.

7.4 The Chief Financial Officer will maintain audit trails in such an instance, and document the reasons for the abandonment and the writing-off of the abandoned debt.

**8 WRITE-OFF**

Council will consider, on an annual basis, the writing off of service arrears, after the Chief Financial Officer has submitted a report with the reasons, but not for tampering charges or connection/reconnection fees or legal/collection cost or any other fee/instalment in terms of an existing agreement.

**9 BY-LAWS**

The principle contained in this policy will be reflected in the various service by-laws as promulgated and adjusted by Council from time to time.

**10 COMMENCEMENT**

This policy takes effect on 1 JULY 2009.
